

# ACME Health Plan - Coverage Policy Document

Confidential - For Internal Use Only

## Behavioral Health and Telehealth Services Policy

Policy Number: BH-TEL-2024-003 | Effective: January 1, 2024

### 1. PURPOSE

This policy defines prior authorization requirements for behavioral health services and telehealth visits for ACME Health Plan members.

### 2. TELEHEALTH COVERAGE - BEHAVIORAL HEALTH

Telehealth visits covered when:

- a) Services by licensed behavioral health provider credentialed with ACME Health Plan.
- b) HIPAA-compliant video platform used.
- c) Services clinically appropriate for telehealth.

CPT codes: 90791, 90834, 90837, 90847, 90853 (modifier 95 or GT).

### 3. INPATIENT BEHAVIORAL HEALTH

Inpatient psychiatric admissions (ICD-10: F20-F99) require prior authorization except emergencies.

Criteria:

- Active suicidal or homicidal ideation with plan and intent
- Psychotic break or acute manic episode
- Substance detoxification requiring 24-hour monitoring

Reviewed every five (5) days for continued stay.

### 4. BARIATRIC SURGERY AUTHORIZATION

Bariatric surgery (CPT 43644, 43645, 43770) requires ALL criteria:

- a) BMI  $\geq 40$ , OR BMI  $\geq 35$  with comorbidity (diabetes ICD-10 E11, hypertension I10, sleep apnea G47.33).
- b) Six (6) months supervised weight loss program documented.
- c) Psychological evaluation within 12 months prior to surgery.
- d) Cardiologist clearance if cardiovascular disease present.
- e) No active substance use disorder or uncontrolled psychiatric condition.

### 5. SUBSTANCE USE DISORDER

Covered without prior authorization for first 14 days:

- Outpatient SUD counseling (CPT 99408, 99409)
- Medication-Assisted Treatment: buprenorphine, naltrexone (ICD-10: F11.20)

Residential SUD treatment (HCPCS H0018) requires prior authorization.
